

DIFFERENCE OF OPINION AS TO RESPONSIBILITY FOR DEATH OF SOLDIER

U. S. Army Officers Blame Carranzistas, While State Department Is Inclined to Inculpate Texans

FEELING GROWS BITTER

WASHINGTON, Sept. 25.—A sharp difference of opinion as to the responsibility for the American border situation, which resulted yesterday in the slaying of another American trooper and the wounding of two others, exists between the State and the War Departments.

The War Department's official report indicates that much of the responsibility directly is traceable to Carranzistas, many of whom are unscrupulous soldiers, many of whom are unscrupulous soldiers, many of whom are unscrupulous soldiers.

Reports from the border that General Felipe Angeles has deserted Villa were denied by Angeles, who reached here today.

"I am in every way loyal to the Constitution Government," he said. "I am on a mission of peace to see whether the Carranzistas cannot reconcile their own differences."

The State Department received confirmation today of dispatches from the border which stated that 30 persons were slain in the streets of Cananea by Carranzistas on Thursday and that American women were forced to take to automobiles and flee to the border.

After shooting up the town, the Carranzistas retreated and there now is no garrison of any sort there, the populace being at the mercy of the bandits.

POLICE PAPER LAUDS PORTER

The Sentinel Regrets His Resignation and Hopes for Election

"The Sentinel," the official organ of the police force, devotes almost its entire space in the current issue to an expression of extreme regret of the resignation of George D. Porter as Director of Public Safety and best wishes for success for him in the future.

It says in part: "The man considered almost unanimously by the police to be the best friend they have ever had, has given up the position from which he directed their affairs. Whatever the future may bring forth, George D. Porter will occupy a place in the hearts of the police of Philadelphia second to none, and his name will be a synonym for all that is clean and decent and fair in police work."

IL MONTE COSTON E' IN POSSESSO DELLE TRUPPE DI CADORNA

La Forte Posizione Austriaca a Nord-Ovest di Arsiero Era Stata Avviluppata dalle Forze Italiane

LA MOBILITAZIONE GRECA

ROMA, 25 Settembre. Il generale Cadorna ha inviato il seguente rapporto pubblicato nel comunicato ufficiale del Ministero delle Guerre teri sera: "Sull'altopiano a nord-ovest di Arsiero la forte posizione di Monte Coston e' stata attaccata dalle nostre truppe di fanteria. I nostri reparti, con un'abile manovra di avviluppamento, avevano gli isolati quella posizione, cost' da rendere impossibile al nemico di ricevere rinforzi. Parecchie colonne nemiche cercarono allora di arrestare la nostra manovra di avviluppamento con violenti attacchi operati nei giorni 17, 18 e 22 Settembre, ma questi attacchi nemici si infransero contro la ferma resistenza delle nostre truppe."

"Ieri la posizione cadd finalmente in nostro potere. Gli austriaci, con attacchi operati in gruppi, cercarono di sottrarsi alla nostra stretta e sfuggire. Pero' essi lasciarono nelle nostre mani cinque ufficiali e 113 soldati, oltre ad una quantita' di munizioni, granate a mano, esplosivi ed altro materiale. "Sull'altopiano del Carso nella sera del 23 corrente il nemico segu' un attacco contro le posizioni conquistate da noi recentemente nel bosco Ferro di Cavallo, ma dopo una intensa azione di artiglieria gli austriaci dovettero abbandonare il tentativo. "Un aeroplano nemico ha lanciato tre bombe su Tolosa senza fare alcun danno materiale ad alcuna vittima."

Montre la Grecia ha ordinato la mobilitazione generale del suo esercito e della sua armata in risposta ad un provvedimento analogo della Bulgaria. L'atteggiamento di quest'ultima e' ancora un mistero. Si dice anzi che i successi che la truppa russa hanno riportato contro l'armata tedesca di von Mackensen nella Volinia potranno ancora avere una certa influenza nella Penisola Balcanica. Anche la Rumania intanto, sebbene non abbia ordinato la mobilitazione generale, ha sotto le armi una quantita' sufficiente di uomini per far fronte situazioni ed avere il tempo di mobilitare il resto dell'esercito.

Il governo bulgario ha inviato una circolare alle legazioni bulgare all'estero, nella quale spiega che esso non ha affatto intenzioni aggressive contro alcuno dei suoi vicini e che la mobilitazione non deve essere presa come prova che la Bulgaria sta per entrare in guerra.

I. fatto e' che la Bulgaria ha ammassato truppe sul confine della Serbia, e cio' mostra che almeno essa non ha intenzioni amichevoli verso il governo serbo. Intanto si dice che truppe rumene si siano concentrate alla frontiera della Bulgaria, cio' che starebbe a dimostrare che la Rumania si terrebbe pronta ad intervenire per frustrare i tentativi bulgari contro la Serbia.

SLAVS LAUNCH COUNTER OFFENSIVE ON LONG LINE

Continued from Page One some points the troops have fought standing in mud and in the water to their hips. After occupying Lutsk the Russians stormed the Kravno bridgehead Southwest of Lutsk the Russians occupied Pogaitay after three violent assaults. Kroupy was also taken by the Russians, the Hungarian defenders losing heavily. In combat for crossings on the Byr River, north of Pogaitay and Kroupy, more than 100 prisoners were taken by the Russians.

Russian assaults at Pochalay were less successful. In Galicia, in the region of Kemilewka, southwest of Trembowla, the Austro-Hungarian forces were compelled to retire, and the Russians are advancing westward. Recapture of the city of Pinsk and the fortress of Dubno by the Czar's troops was predicted by War Office officials today.

The Austrians are counter-attacking determinedly, but have been unable to stem the Russian advance in the Volhynian fortress triangle. Recapture of the fortress of Lutsk and the taking of 4000 prisoners has been officially confirmed. The enemy is retiring upon Dubno, the works of which are not suitable for defense against an attack from the north and it is believed here that the fortress itself will be recaptured within a few days.

FOET WOULD RATHER DIE THAN DISHONOR WOMAN

Joseph Hillstrom Refuses to Divulge Secret and Thus Save His Life SALT LAKE, Utah, Sept. 25.—Joseph Hillstrom, itinerant poet, philosopher and I. W. W. agitator, today held to his theory that a woman's honor is more valuable than his life. Even the knowledge that prison officials were completing all details to make his death before a firing squad a "success" next Friday failed to shake this theory. Again today he merely smiled and shook his head when asked to give the name of the woman in whose home he asserts he was wounded by the husband on the night that J. G. Morrison and the latter's son, Arling, were shot to death by robbers in January, 1914.

"Let her tell if she wants to," he said. "I never shall." Jail officials today rehearsed the firing squad program.
